

New Sony CCD Color Camera and 6.4" LCD 3 Camera

SONY®

[Click for Extra Large view of image above](#)

What you are bidding on:

You are bidding on **1 brand new in box high-quality Sony Color CCD camera with audio and 1 used high-quality Sony 6.4" Color LCD monitor** with 3 camera capability and built-in audio plus accessory items as listed below.

I purchased this equipment new in 2005. At that time, I purchased 2 cameras and the monitor. I am keeping one of the cameras that is in current use on my RV and I am selling the second camera that I never used and opened now for the first time to take the picture above. The LCD monitor was used by me in my truck for 6 months along with the other camera. This is a beautiful system by Sony. The same model used in the highest-end RVs.
